Workers' Compensation Cost Management Solution

Do you identify your company's workers' compensation premiums as just another uncontrollable and enforced commercial tax?

Few businesses manage their workers' compensation operations successfully. However just like any other business expense, workers' compensation premiums can be controlled with the implementation of effective strategies.

Flexible risk strategies for your business needs
Containment provides a total end to end workers' compensation solution.

To assist businesses, Konekt Containment provides a workplace integrated business solution that enables employers to take control of, manage and minimise rising workers' compensation premiums and related workforce expenses. Konekt's unique Containment solution addresses the fundamental factors that are causing increased premiums and other related costs. Containment's expertise, intellectual property, technology and resources, provide organisations with a tailored solution that will significantly reduce workers' compensation related costs.

Delivering Customised Solutions

Containment customise effective business management systems through specialised consultancy services which identify the key elements driving your businesses increasing costs.

Konekt provides sound financial advice to our customers in the specialised area of workers' compensation. We understand that organisations need to count the true cost of workplace injury and claims management in order to justify the cost of future strategies, in both injury prevention and recovery aspects.

Containment's cost benefit analysis methodology, combined with specialised data interpretation and presentation, assists employers in understanding their potential return on investment of cost reduction strategies. This allows the customer to proceed with recommended project strategies with confidence.

Our Results

Private Equity Firm

- \$1.3M saving in workers' compensation premiums
- Additional \$640K refund from NSW WorkCover following successful Grouping Appeal

PMP Limited

About Konekt

At Konekt, we work in partnership with our clients to ensure the best outcomes possible. Where necessary, we'll work in your offices, side by side, conducting audits or providing training and guidance to your staff, to be able to manage the ongoing task of monitoring and influencing your workers' compensation operations.

Completely outcome focussed, and with over 60 years of industry experience, Konekt is the largest private sector provider of workplace health and workers' compensation management solutions in Australia.

With offices in all capital cities and regional centres nationally, Konekt has the expertise and reach to service any organisation, whether you are a large national organisation with multi-sites, or a small local business in regional Australia.

Konekt Containment is in an independent business not affiliated with an insurer or brokerage agency.
