## **New Medibank Health Solutions Contract Executed**

Konekt Limited (ASX: KKT) is pleased to confirm that it has today executed a new contract with Medibank Health Solutions (MHS) for the provision of rehabilitation services until October 2018, effective from 9 May 2017. The major change in this contract is that rehabilitation services will now be directly supplied on-base through Medibank's Garrison Health Services.

The new model will move the majority of volumes from the current model to an on-base provision. The types of services offered are similar to the current services, with some improvements in relation to clinical governance, proximity and multi-disciplinary team capability.

Konekt confirms its profit guidance for FY17, issued at the announcement of its interim results, of revenue in the range of \$51.0 – \$53.5 million and EBITDA margin in the range of 10.5% to 11.5% of revenue.
