## Konekt Update

Konekt confirms that it remains in discussions with MHS with a view to agreeing a new contract for provision of rehabilitation services and a new statement of work.

MHS have advised Konekt they are pleased with the progress made to date with preparations for transition to the new rehabilitation services model. The companies have agreed today to extend the termination date of the current contract until 3<sup>rd</sup> May 2017 recognizing the considerable work required for a successful transition.

Konekt confirms that it is continuing to provide services under the existing contract, and that new referrals and case volumes continue in line with previous periods.
